

PARTIAL CONFESSION

Pat Quinlan Tells Something About Holmes.

BENJAMIN F. PIETZEL'S DEATH.

He Was Murdered by Holmes in Chicago and His Body Sent to Philadelphia—A Few More Days and Some Startling Discoveries Are Expected to Be Made—New and Important Evidence.

CHICAGO, Aug. 3.—The police have at last obtained a partial confession from Pat Quinlan, the janitor of Holmes' "castle," and have, they believe positive evidence that Benjamin F. Pietzel was murdered in this city by Holmes and the corpse sent to Philadelphia.

The confession was won out of the Quinlans by means of a tip given the local officers by Detective Geyer of Philadelphia, who arrived in this city yesterday. The exact nature of the story told by the Quinlans the police will not reveal, and in fact Chief Badenoch and Inspector Fitzpatrick have both denied that Quinlan or his wife made any confession at all.

Notwithstanding the denial of the police, however, it is positively known that Quinlan made and signed a confession, because it was left where Quinlan's signature on the document could be seen, although that subject matter, under which he wrote his name could not be ascertained. Last night, however, it was learned that a confession was made covering all the details of the murder of Pietzel with the exception of the actual place in which the crime was committed. This the police declare they will soon have, and they declare that by Aug. 5 they will have indisputable evidence that Pietzel came to his end through the direct agency of H. H. Holmes.

The confession was obtained from the Quinlans only after the hardest kind of work and at the price of a promise of immunity from punishment for all part the Quinlans may have borne in the murder of Pietzel or other crimes committed by Holmes.

Mrs. Pat Quinlan knew of the disappearance of Mrs. Julia L. Conner in Holmes' castle and saw the body of the woman after she was dead. She further knew, and has admitted, that Pearl Conner disappeared mysteriously in the castle after her return from a trip to the Quinlan farm at Lakota, Mich.

Chief Badenoch took Mrs. Quinlan and her husband to the castle with Inspector Fitzpatrick and Detectives Fitzpatrick and Norton. The object of this trip was more for the purpose of letting Quinlan and his wife meet than any other. They were closed together alone for an hour in the room in which the Julia Conner carpet lies and the chair belonging to the murdered woman stands.

What took place between them no one knows but Chief Badenoch, and his detectives are nearer a solution of the Holmes' mystery than they were ever before. The chief now has proof positive that Mrs. Conner and Pearl, her daughter, or Cora Quinlan, were murdered in the building while the mother was in his employ. Mr. Quinlan has given information within the last 24 hours which brings the charge of murder nearer to Holmes than it has been in Chicago at any time since the case opened.

Quinlan and his wife, while demonstrating to the police they were at no time guilty of the crime of murder themselves, have made admissions by which the chief could use them on the stand as valuable witnesses against Holmes in proving that Mrs. Conner and a child were made away with by Holmes for the purpose of securing insurance which Mrs. Conner carried on her life in favor of her daughter, or in which Cora Quinlan's life cut an important figure. Further, Quinlan and his wife have proved to the police that Mrs. Conner was so well aware of the schemes which Holmes was operating that it became necessary for Holmes to put the woman out of the way.

Mrs. Conner's body was disposed of by burial within the castle somewhere close to the spot where Pearl's supposed body was found. The police have not ceased their efforts to find the bottom of the basement and uncover her remains.

Pat Quinlan and his wife have admitted, partially, the woman more than the man, that a business in receiving and disposing of dead bodies, stolen from country graveyards, was carried on in the castle under the direction of Holmes. The graveyards of the western portion of Michigan, Grand Haven, South Haven, Muskegon, Holland, St. Joe, the Bay, Lakota, ancient places, with venerable graves were despoiled of bodies and coffins. The bodies were brought to the castle, chemically treated and then disposed of to medical colleges. The coffins were remade by Quinlan, Pietzel and Holmes, relined and disposed of to undertakers at a fair profit.

We have sufficient evidence to keep Holmes in prison for the remainder of his natural days," said Detective Geyer, "without charging him with murder. Should he by a technicality escape the conspiracy charge in Philadelphia, 20 warrants on other charges are ready to be served on him. The Toronto charge of murder is the strongest one against him, and if he is taken there he will probably be hanged. As to all the Chicago charges there is only the proof that he was a swindler. I believe it will be finally shown that he did murder Mrs. Conner and the two Williams girls. Minnie Williams, I think, was killed first, at the same time as Howard Pietzel. I have found no trace of his body."

New witnesses in the Holmes case

have been located. Jasper Richardson, the expressman, wanted to back up the testimony of M. G. Chappell, Holmes' "bonerigger," is not dead, as reported. Richardson corroborates Chappell's story. He has told the police all he knows of Holmes' traffic in mysterious packages and boxes, and beside, the express companies' receipts in the Washington street office show just how much work Holmes had done in the years 1891-93 and where the "packages" he handled were delivered.

The new witness said he did not know what those packages contained at the time they were handled. To the police he had made no revelations, but since Chappell says this traffic was in dead men's bones, Richardson says he is quite prepared to believe it. The number of these trips to the Wallace street house, he adds, can not be contained in 20 calls nor 30.

"I remember this special patronage very well," said Richardson. "Holmes sent these boxes all over the city at times to physicians and medical students and again to the hospitals direct. A good part of staff we also took to the various depots. He received a good many consignments himself from other points. The boxes handled, as I remember them, were strong and tight and there were also well-headed barrels in numbers. I don't remember seeing that old trunk Chappell turned up, nor do I recall any trips to dump stuff in the lake. I guess Holmes had use for most everything he handled without throwing anything away."

The other witnesses involved in this evidence are Edward Morrison and Edward Newman, both drivers for an express company in Englewood at the time Holmes ran his plant for drying bones and giving them copper mountings.

MEETING OF MINERS.

Charges Against State Officers Not Sustained on a Vote.

TERRE HAUTE, Ind., Aug. 3.—The called convention of the Indiana bituminous miners met in this city yesterday. Every local branch in the state was represented, and several matters not pertaining to the wage question were discussed. The most important feature of the convention was action upon the charges preferred against State President Purcell and Secretary Kennedy.

The charges were brought by the Star City local, composed of 35 members, and the action was because the president refused to call on the Clinton miners, who were working under a special agreement for 51 cents per ton. The president refused to comply with the Star City miners' request because the wages paid at Grape Creek, Ill., just across the state line, would enable those miners to secure the contracts heretofore held by Clinton. When the charges were preferred President Purcell defended his action, and then he, Secretary Kennedy and the entire executive board tendered their resignations. On a vote being taken the delegates refused to accept the resignations by a majority of 25 to 14.

Since the officers have been exonerated it is likely that the Star City local will withdraw from the federation. The settlement in Pennsylvania makes it an assured fact that the Indiana price of mining will be 60 cents per ton after Oct. 1.

THE SHOT PROVING FATAL.

William Johnson Dying of a Bullet Fired by His Sister.

BRAZIL, Ind., Aug. 3.—Intense excitement was created in harmony, this county, when the attending physicians of William Johnson, who was shot by his sister, Mrs. Cora Stapleton, on Tuesday, announced that he was dangerously wounded, and that, in all probability, he will die. The announcement was a surprise to his friends, as it was believed that he was recovering.

Mrs. Stapleton, who is now in jail, awaiting the result of her brother's injury, is a well known character in this city. A short time ago she appeared in court and testified that her husband (who is 69 years old, while she is but 16) had bewitched her, and that, as a consequence, she was suffering untold agony. Mrs. Stapleton was a bride of only a few weeks when she made this announcement. So persistent were her declarations that she had been bewitched that it created no little excitement at the time, and so badly was her mind affected by the hallucination that for some time physicians thought she would die.

AN UNUSUAL CASE.

Peculiar Complications Which Have Developed From a Shot Wound.

RICHMOND, Ind., Aug. 3.—The case of Joseph Revelee of Milton, who was shot by William Sipples on the 20th of last February, is nothing short of remarkable. The bullet from Sipples' revolver entered the abdomen of Revelee, penetrating the base of the right lung. The attending physicians stated that he could not recover and that death would ensue within 24 hours.

However, Revelee still lives, though it is considered very strange that he does. The right lung and other organs are solidifying, owing to inflammation, and the heart has been pushed from its normal resting place to a position on the right side of the body. Revelee is unable to move but very little, and he takes scarcely any nourishment. The physicians consider it a very interesting case, and developments are watched with great interest, although it is certain that he can not live a great while.

PITTSBURG, Aug. 3.—The Mingo Iron and Steel company yesterday signed the Amalgamated scale for the 1,200 men in the steel plant. The scale for the iron mill, which employs 800 men, was signed some time ago.

MINERS VICTORIOUS.

Good Results of a Conference Held at Pittsburg.

INCREASE OF WAGES GRANTED.

The Basis of the Compromise Is That the Present Rates Are to Continue Until October 1, When a Uniform Rate Throughout the District Will Be Made of Sixty-Nine Cents.

PITTSBURG, Aug. 3.—The biggest victory every made by organized labor was won yesterday in Pittsburg by the miners. Almost every demand was granted and the operators have a written guarantee for their fulfillment of the contract. The papers were signed last night which increases the wages of 100,000 miners in Pennsylvania, Ohio, Indiana and Illinois.

The terms of the agreement are that the present rate of wages shall continue in force until Oct. 1, when every operator in the Pittsburg district will pay the 69 cents rate with a differential of 5 cents in favor of operators who do not have company stores.

The agreement further provides for another advance on Jan. 1. It is understood that the rate will then be made 69 cents. Above all W. P. Dearmitt, who has whipped the miners at every turn heretofore, has been brought over and will pay the 64 cent rate, as he does not have the company stores.

The effect of this settlement is to advance the mining rate in Ohio and Indiana from 51 cents to 69 cents. It also holds up the rate in Illinois and brings the strike there to an end. It also changes the end of the scale year from April 30 to Jan. 1. This is the first time a differential has ever been granted against company stores, and it is expected it will result in having all of them abolished.

An evidence of this came yesterday, when W. P. Roud of Chicago offered to abolish his company store at Reising, Pa., and agreed to loan the miners enough money to operate it on a co-operative basis.

As another result of the compromise the operators propose to form a new association on different lines from the old one, and every operator in the district will be included in its membership.

Practically all the credit for the victory is being given to Secretary-Treasurer Pat McDevide, who mapped out the entire campaign.

Another feature of the miners' victory is that a convention of miners and operators is to be held on the second Tuesday of October in each year to fix the mining rate for the next year so that the rate for each year can be settled before the scale year expires. The first joint convention under this agreement is to be held next October, and the rate made then will go into effect on Jan. 1, 1896.

MINERS' PARADE.

But Little Prospects of Getting Their Demands or Going Back to Work.

ISHPEMING, Mich., Aug. 3.—The Ishpeming and Negaunee strikers held a big demonstration in Ishpeming yesterday. Almost 3,000 men were in the line of march from the park at noon. Some of the speakers made an effort to induce the men to visit the mines to ascertain what concession the companies are prepared to make, but the matter was voted down.

The men will not listen to compromise talk and those who attempt to speak of effecting a settlement in that way are given but little encouragement. Many of them desire to go back to work, but the majority are opposed to it, the latter insisting on recognition of the union by the companies. It is certain, however, that the companies will not recognize the union in any regard and will keep the mines closed until such times as there is a break in the ranks of the organization. The companies have all paid off their men in full this week and are preparing for an indefinite shut down of their works.

DURANT'S DEFENSE.

His Attorneys Will Try to Prove an Alibi.

SAN FRANCISCO, Aug. 3.—It is said that counsel for Theodore Durant, charged with the Emanuel church murders, will attempt to prove an alibi by the testimony of members of his family and his friends, but it has not been determined as yet whether to put the defendant on the stand or not.

If the people present a strong case of circumstantial evidence a strenuous effort will be made to throw an unknown party into the case, who will resemble Durant to such an extent to permit a mistake in identification. It is thought that the best defense experts is a disagreement of the jury.

Colorado Not in It.

DENVER, Aug. 3.—Colorado will not be represented by an exhibit at the Atlanta exposition. This decision was reached at a meeting of the Colorado board of managers yesterday on account of the refusal of the managers of the exposition to provide sufficient space in one building for all the individual exhibits from this state. The Colorado legislature appropriated no money for a state exhibit at Atlanta.

Activity in Copper Mining.

NASHVILLE, Aug. 3.—Advices from Ducktown show that there is a greatly increased activity in copper mining. New mines are being opened and old ones worked with increased force. Two mines are turning out 850 tons a day and preparing to increase the output.

CAUGHT STEALING F.U.T.

A Washington Woman Kills a Fourteen-Year-Old Negro Boy.

WASHINGTON, Aug. 3.—Miss Elizabeth Flagler, daughter of General Flagler, chief of ordnance of the army and well known in army and social circles, shot and killed a 14-year-old negro boy named Ernest Green yesterday at her home in the suburbs of the city.

The Flaglers and other families in the vicinity have been annoyed greatly of late by boys stealing their fruit and damaging the trees of their gardens. Yesterday Miss Flagler discovered young Green on the fence stealing fruit and fired at him from the second-story window. The bullet entered his right breast, and passing through his body, inflicted a wound that caused death in a short time. Miss Flagler went to police headquarters and gave herself into custody. She is 28 years old and an attractive and accomplished woman. Ernest Green is a son of Dick Green, well known to public men as one of Secretary Carlisle's messengers.

A coroner's jury was impaneled and an inquest held. Miss Flagler was called to the witness stand and made a statement. The boys had been shaking the trees and stealing fruit from their yard, and one day last week she fired into the road. Some clothes drying on the line were recently stolen, and as there were so many boys around she presumed that some of them were the thieves. Yesterday morning she heard the branches of the pear tree rustling. She ran to her room and got her revolver from the bureau drawer.

She continued: "I fired in a hurry, aiming at the road, and must have hit the boy then. I went to the side window, where I could see them running up the road, and there I found both the window and screen down. I knew it would take too long to raise it, so I ran back to the other window and fired into the air. Then Marie, my maid, said that I had shot a boy."

"The first day I shot at the boys was on Monday, and then I called after them and told them the next time I would shoot at them, meaning only to frighten them."

After conferring over the testimony, the jury came to the following verdict: "We find that the said Ernest Green came to his death by a bullet fired from a pistol, held in the hands of Elizabeth M. Flagler, but we do not think that she did it with murderous intent. We believe that the shots were fired carelessly and indifferently, but upon the evidence, we can not hold her."

Miss Flagler was thereupon released.

Bash Fires.

HOUGHTON, Mich., Aug. 3.—Bash fires are burning all through the heavily wooded portions of the upper peninsula. So far little damage has been done, except in Delta and Schoolcraft counties, but exceedingly dry weather would be the signal for a sweep of flames through the forests in many different places. In addition to the danger to standing timber some 25,000,000 feet of logs cut last winter could not be driven down stream to the mills and are in considerable danger unless rain falls at once. The Diamond Match company has 80,000,000 feet of logs made hung up on Outouagon river alone.

Forest Fires in Wisconsin.

PESHIGO, Wis., Aug. 3.—Forest fires have again made their appearance in Marinette county. At present they are confined to the territory lying between Ellis Junction and Marinette, adjacent to the Chicago, Milwaukee and St. Paul track, but fears are entertained of a more widely spread calamity, as vegetation is dry as tinder owing to the continued drought for the past two months. Even marshes, many of them covered with stacks of hay, are in danger, one farmer losing 10 tons of hay yesterday and many others are fighting fire in order to save what they have.

Texas Fever.

GREENCASTLE, Ind., Aug. 3.—The sanitary board are trying to fix the responsibility for the introduction of Texas fever among the native herds of Putnam and Hendricks counties. The infected cattle were brought here from Tennessee. Fifteen head of cattle have died of the disease, the deaths being confined as usual to the native herds exclusively. All of the exposed cattle have been quarantined, but additional loss is anticipated.

No News From the Front.

SALT LAKE CITY, Aug. 3.—A special to The Tribune from Market Lake says: There is no news of importance from the front. General Coppling with his command will remain at Marysville for some time. Indian Agent Teter will go to the reservation to see how many Indians are missing.

Hunged.

CORSICANA, Tex., Aug. 3.—Lee Thomas was hanged yesterday for the murder of J. M. Farley. The body of the victim was found partially buried in a ravine near the home of the murderer. The murder was the result of a game of cards.

Primrose Knight Ran Third.

LONDON, Aug. 3.—Dwyer's Primrose Knight, formerly Mr. Robinson's, ran third in the selling stakes, for which seven horses started. Diplomatic won, Leominster second.

Mrs. Talmage Ill.

BROOKLYN, Aug. 3.—Friends of Mrs. T. DeWitt Talmage, wife of Rev. Talmage, have received advices that she is seriously ill at Danville, N. Y., and may not recover.

Military Operations Stopped.

MADRID, Aug. 2.—The rainy season has stopped military operations in Cuba.

REVIEW OF TRADE.

R. C. Dun & Company's Weekly Business Report.

A MODSUMMER HALT MADE.

Bright Prospects For the Future, as the Corn Crop Promises to Be the Largest Ever Grown—Large Business in Cotton Goods—Heavy Sales of Coal—A Demoralized Market—Failures of the Week.

NEW YORK, Aug. 3.—R. C. Dun & Company's weekly review of trade says: There is a perceptible halt which may deceive if attributed to wrong causes. Trade two months late in spring, pushed forward in July a large share of business being due to April & May. Seeing a rush of orders out of time, many imagined it would continue, and hurried to give other orders. The jam of two months' business into one lifted prices. Then other orders came to anticipate a further rise. But the midsummer halt was inevitable, and it is yet somewhat uncertain how much improvement will appear after it.

The crop of corn promises to be the largest ever grown, and is almost out of harm's way. The crop of wheat appears from later accounts perhaps 20,000,000 bushels smaller than was expected a month ago, and had the best hopes been realized it would have been more than 100,000,000 bushels short of a full crop. Cotton has lost a little, and more people seem to believe in 7,500,000 bales than believing in 8,000,000 a month ago.

Larger stocks than were immediately wanted have been taken by traders, as prices were advancing, and these tend to limit future orders.

The general advance in many products also causes reluctance to purchase, and the distribution of the past half year has been in part to make up for stocks and individual supplies depleted during two years of economy. On the other hand there has been enormous increases in the working force and a considerable increase in wages paid, which enables people to buy more freely. Strikes of some importance appear, but do not yet threaten to last long, though a strike of coal miners may for a time affect business somewhat extensively. The hopeful spirit prevailing in nearly all markets may find its warrant in spite of some shortage in crops.

For the first time since the rise in prices of iron products began there have been some concessions to retain business, and efforts of new works to get orders tend to check the advance. In spite of this the general average of prices is a shade higher, but having risen relatively more than mill iron has declined. The market for pig iron is quiet, and on the whole remarkably strong, with the prospect of an increased output. Finished products are generally strong with more demand than can at present be met for plates and for bar. The structural demand continues large, including 3,000 tons for one new building at One Hundred and Twenty-eighth street, but the expected demand for rails is yet delayed.

Great speculation in copper stocks has brought out some extravagant statements of demand and profits, but 11 3-4 has been paid in some cases for lake, and the commanding demand is actually heavy. Tin has remained strong in spite of large arrivals, and visible stocks 5,000 tons larger than usual, and lead is stronger in tone.

Business in cotton goods has been the largest in July for several years, but not large as to new orders. A further advance of 1 1-4 cents per yard has been made with moderate demand for some bleached and brown goods, and prices are firm for sheets and drills, while colored cottons are quiet with occasional advances. Sales of wool have been only 6,072,450 pounds for the week, against 9,336,400 in 1892.

Wheat suddenly rose 3 cents on bad reports of condition, but has dropped all the gain, as the soundness of exports is felt, shipments in July having been only 3,495,054 bushels, flour included, from Atlantic ports, against 9,865,633 last year. Western receipts continue very small, and farmers appear to be holding for higher prices.

Corn is a shade stronger, although the reports are decidedly favorable. Cotton has risen an eighth in price, wholly on bad condition reports, but at the lowest estimate the year's yield with stocks carried over will exceed the world's demand.

Heavy sales of coal are reported at prices at least 70 cents below the circular, and the market is much demoralized, with fear of auction sales.

Failures for the week have been 261 in the United States, against 230 last year, and 28 in Canada, against 44 last year.

DANGERFIELD, Tex., Aug. 3.—Seven men called James Mison, a negro, out last night and shot him dead. His wife escaped, ran into the house and got in the bed with her children. They shot her through a crack in the house, wounding her and one child. The child will get well, but the woman will die.

Death of Dr. Leonard.

ELYRIA, O., Aug. 3.—Rev. Raymond H. Leonard, D. D., of Detroit died here last night. Dr. Leonard was formerly a prominent congregational preacher, his last charge being in Cincinnati. He was 78 years old. The funeral will occur in this city Monday.

Christians Massacred.

SHANGHAI, Aug. 3.—Advices from Foo-chow, are that a telegram received there on the 3d says that a fearful massacre of Christians had occurred at Ku-Cheng. Five foreign ladies are among the murdered.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

 EDWARD PORTER THOMPSON.
 For Commissioner of Agriculture,
 ION B. NALL.
 For Railroad Commissioner, Third District,
 G. R. KELLAR.

Fair weather, followed by showers, extending to 50 miles from the lakes; slightly warmer.

A STATE ISSUE.

A Few Figures That Will Prove Interesting to the Voters in the Present Campaign.

"On the subject of pauper counties and witness fees and things belonging to the government of Kentucky the rash Louisville Commercial made the serious mistake of imagining that the reports of the Auditor of State were sealed books," remarks the Covington Commonwealth.

"Somethings there are in them, however, which the Commercial will not publish for they are commentaries on the methods of Republican officials not complimentary to the Republican party which is seeking to control the State government.

"There are 119 counties in Kentucky of which 81 gave majorities for Cleveland, and 38 gave majorities for Harrison.

"Of the 81 Democratic counties 36 contribute a net revenue to the State of \$163,315.91. Of the 38 Republican counties only two contributed a revenue to the State treasury. They are the counties of Christian and Garrard, and their contribution was \$11,490—less than 2 per cent. of the total revenue.

"Of the counties under Democratic government 41 per cent. are solvent.

"Of the counties under Republican government 5 per cent. are solvent.

"The financial system of Kentucky should be changed, radically, and each county made to bear its own expenses for witness fees, record books, examining courts and all other items now the fruitful sources of fraud.

"But the difference between the Democratic net revenue of \$952,591 from the Democratic counties and the Republican revenue of \$11,490 and the fact that of the 38 Republican counties only two are able to support themselves, are not circumstances to warrant the people of Kentucky turning over the government of the State to the Republican party."

"Out of a total net revenue contributed to the State treasury the sum of \$11,490 is contributed by the Republican counties of Christian and Garrard. And that sum of \$11,490 is the total sum contributed by all the Republican counties. All the other Republican counties of Kentucky are insolvent. And it is to that party that Billy O'Bradley, and Col. Charles Francis Marion Striger, of Kenton, ask the people of Kentucky to surrender the State government."

"The attention of the Commercial, is drawn to the fact that the county of Clay gave Harrison 800 votes and Cleveland 401; that the county of Clay drew from the State treasury for the year ending June 30, 1893, for witness fees \$3,517.02; that the total male adult population is 2,050 and that it reports twenty-five idiots. That the county of Daviess gave Cleveland 3,431 and Harrison 1,638; that for the year ending June 30, 1893, it drew from the State treasury for witness fees only \$917.72; that its total adult male population is 6,547 and that it reports 12 idiots. Perhaps the Commercial will endeavor to explain the gross difference by saying that crime is more rampant and idiosyncrasy more prevalent in Clay than in Daviess and therefore the difference in expenditures for witness fees. Clay is a Republican county."

The Maysville Fair.

Brooksville Review: "The Maysville Fair catalogue for 1895 lies before us. The fair begins August 21st and continues until and including August 24th. As usual the management is offering many attractions. One always feels assured of witnessing a good trotting race at the Maysville fair."

WASHINGTON'S SOCIAL CIRCLES.

Three Delightful Entertainments Among the Events of the Past Week.

Miss Elizabeth Bland gave a most delightful entertainment one evening the past week in honor of Miss Elizabeth Key's guests, Miss Eudora Hall, of Covington, and Miss Ethel Ayer, of Florida. Only those who have partaken of such hospitality as her home affords can know what a charming hostess she is. At 9 o'clock an elegant supper was served, and the remainder of the evening was pleasantly spent in games and dancing. Those present were Misses Dora Hall, Ethel Ayer, Alberta Glascock, Elizabeth Key, Nannie Metcalfe, Flora Hunter, Mayme Key and Edna Hunter, Messrs. Elmer and Robert Downing, Eland Kirk, Ho'ton Key, Elijah Kirk, John Hunter, Clarence Tucker and George Allen.

Misses Mayme and Elizabeth Key entertained Friday evening at their hospitable home, "Sunny Hill," near Washington, in honor of their guests, Misses Robb, Hall, Ayer and Alexander. The house was brilliantly lighted and beautifully decorated with cut flowers. The guests began arriving about 8:30 and the scenes of gaiety commenced. At 11 o'clock delicious refreshments were served. Space forbids our giving as much room to a description of the evenings pleasure as we would like. Suffice it to say that the occasion was a most delightful one. Those from a distance who were so fortunate as to receive an invitation were Miss Margaret Robb, of Helena; Miss Dora Hall, Covington; Dr. T. Goddard, Cincinnati; Miss Pangburn, Texas; Miss Osborn, Dover; Miss Norman, Boone County; Miss Ayer, Florida; Mr. R. E. Lee, Cincinnati; Miss Laura Lloyd, Germantown; Mr. Gordon Asbury, Fern Leaf; Mr. Dan Lloyd, Germantown; Misses White, Bernard, and Dr. L. H. Long and Messrs. Power and Respass, of Maysville.

Another of the enjoyable events of the past week was the entertainment given by Miss Edna Hunter, in honor of Washington's visitors. Miss Edna entertains charmingly, and on this occasion was gracefully assisted by her lovely sister, Miss Flora. Delicious refreshments were served at 10 o'clock and the remainder of the evening was pleasantly spent in dancing. Those present were Misses Margaret Robb, Helena, Eudora Hall, Covington, Laura Lloyd, Germantown, Adah Osborne, Dover, Ethel Ayer, Florida, Nellie Pangburn, Texas, Lena Alexander, North Fork, Elizabeth Key, Jane Lee, Elizabeth Bland, Frances Gault, Mayme Key, Ethel Gault, Nannie Metcalfe, and Maud Norman Boone County; Messrs. Gordon Asbury, Ed. Gault, Robert Downing, Holton Key, Bland Kirk, George Allen, John Hunter, Dr. Goddard, Cincinnati, John Evans, James Owens, Howard Parry, Elmer Downing, D. H. Lloyd and Welburn Reese.

Professor McGarvey.

Some Lexington papers recently tried to word up a sensation by publishing an article stating that Rev. J. W. McGarvey has changed his views in regard to some of the doctrines of the Church of the Disciples. Prof. McGarvey has, however, experienced no change of faith, as accredited by the papers, and has given out the following card of publication:

"The remarks quoted from me in the Press-Transcript and the Argonaut are not new, neither do they indicate any change of belief on my part. While I hold, in common with my brethren, that baptism is one of the appointed requirements in order to remission of sin, I entertain the opinion that many who have not been able to see that this is true, and who have consequently not been baptized will be forgiven and saved. This is the common belief of the Disciples and it has been from the beginning, but there are few who controvert it, though none I believe, who will affirm, that all unbaptized persons will be lost."

When Traveling,

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c. and \$1 bottles by all leading druggists. Manufactured by the California Fig Syrup Company only.

Attention, Knights Templar.

Maysville Commandery No. 10, K. T., will meet in special conclave Monday evening, August 5th. The illustrious order of Red Cross will be conferred. A full attendance is desired. Visiting brothers courteously invited.

G. W. ROGERS, E. C. A. H. THOMPSON, Recorder.

Nepton Camp Meeting.

One and one-third fare round-trip tickets on sale August 10th to 18th to Nepton, on account of camp meeting.

Garnett Ripley brought into Eminence two wagon loads of orchard grass seed and sold it for \$1,050, says a special.

LADIES, you are as much out of date with your short chains as you would be with hoops. Call and let Murphy, the jeweler, show you the latest style watch chains. He can also show you the largest stock of fine watches at the lowest prices.

A LETTER from far away Turkey to the Woman's Board of the Cotton States and International Exposition was received a few days ago asking for space in the Woman's Building for an exhibit from the ladies of Turkey. The space was granted and they will make a display of needle art and other fancy work done by the women of Turkey. The scope of the exhibits in the woman's department is widening every day, and it will doubtless be a thorough representation of woman's work of the world.

THERE will be no services in the First Presbyterian Church to-morrow. Church Sabbath school at 9:30 a. m. as usual. Mission Sabbath school in the German Church at 2:30 p. m. An interesting meeting of the Westminster Society of Christian Endeavor will be held at 6:45, as at that time the delegates to the late National convention at Boston will give an account of their attendance on and of what they saw and heard at that great National assembly. The Woman's Missionary Society will hold their regular monthly meeting on Tuesday afternoon at 4 p. m.

A BIG DELEGATION

Coming Down From Portsmouth to the Blue Ribbon Fair—Pooling Privileges Sold.

Secretary Fitzgerald, of the Maysville Fair Company, returned from the Portsmouth fair this morning where he closed the privilege for pools and books with E. R. Lowry, the king of pool-sellers.

Lowry is the silver-tongued orator of the pool room. He is to it what Breckinridge and Blackburn are on the political stump, the king in his line. It is well worth the admission, 25 cents, to hear him talk.

Portsmouth had a very successful meeting, and Maysville will have a big delegation down from that city to see our trots.

Gardner's pacer won second money in her race, taking a record of 2:24. She has been trained here.

The Bourbon Wilkes-Lark family continues to gain greatness and distinction. Miss Rachel, 2:20 trotting, took a pacing record of 2:16 last week, making the double performers by Bourbon Wilkes out of Lark decided "onlies." They are: Reward J., t 2:20, p 2:10; Miss Rachel, t 2:20, p 2:16; and Sigma Nu, t 2:20, p 2:17—a record-holding trio. Lark is by Abdallah Mambrino.—Western Horseman.

FOR SALE.

FOR SALE—A lot of second-hand harness, good as new. Yankee or stage harness, spring-wagon harness, buggy harness, at MILLER'S harness shop, opposite Daulton's stable.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

WANTED.

WANTED—Salesman: salary from start, permanent place. BROWN BROS. CO., Nurserymen, Chicago.

DAILY'S

Delightful Discovery

Is no longer a matter of experiment but an acknowledged success.

It is a common slayer of every pain. Allowing the Prince of Health to reign. If from its use no relief is found, Your money shall cheerfully be returned.

5c-A NICKLE-5c

A small sum ordinarily, but it's big with possibilities if you distribute a few among the Gingham stock we are closing out.

Barnaby Gingham 5 cents, every one fine texture, choice style; Imported Scotch Gingham 5 cents—Anderson might well be their maker; Scotch Gingham 5 cents—Scotch winsomeness woven throughout; Zephyr Gingham 5 cents, checks and stripes in many shades and sizes.

These goods are worth from 10 to 25 cents, but 5 cents gives you your choice. For children's gowns, boys' waists and ladies' wrappers more serviceable material cannot be found. For wear, it is first cousin to eternity.

D. HUNT & SON. **CLEARANCE SALE**

ANOTHER VICTORY.

The Covingtonians Played Better Ball Yesterday, But Were Again Easily Defeated.

Mr. Percival and his club of Covingtonians put up a more interesting game of ball yesterday afternoon, but were again easily defeated. Assisted by some errors on the part of the locals, the visitors managed to score two runs, but this was the best they could do. Green was in the box for the Covingtonians and pitched a fairly good game at times, but in one or two innings towards the last Maysville's hard hitters got on to him, and the way they pounded out home runs, three-baggers and singles was enough to make most any pitcher sick. Schroeder's great work in left field was a feature of the game. Out of seven chances he accepted all but one.

Wellner pitched for Maysville, and the visitors got but six hits, and these were well scattered through the nine innings. Eight of the Covingtonians fanned out. With one exception, the Maysvilles played great ball. Van Winkle had a day off, and three of the four errors were charged up to him. Hall made a great running catch in right, falling as he reached forward for the ball, but he held it. McGann and Wadsworth each made a home run. Hilleary was behind the plate and caught a good game, crippled as he was in one ankle. He is one of the hardest hitters in the team. His drive to left was the longest hit of the game and would have been an easy home run if it had not been for his crippled ankle. As it was he got to third base.

Earned runs, Maysville 6. Three base hit, Hilleary. Home runs, McGann, Wadsworth. Stolen bases, Maysville 4, Covington 6. Double plays, Sommer, Percival and Dial. Bases on balls, by Green 3, Wellner 1. Bases on hit by pitched ball, by Green 1. Struck out by Wellner 9, Green 1. Passed balls, Hilleary 2, Glenn 3. Sacrifice hit, Hall. Time of game, 1:45. Umpire Riemann.

The Maysvilles play at Flemingsburg Monday and at Vanceburg Tuesday. The game with the Cincinnati league team August 9th will likely be the next one on the home grounds, although Huntington is anxious to play here next Wednesday and Thursday. The Reds are coming for gore next Friday, and it will be the game of the season.

Jack Grim is still on deck at Knoxville. He writes to the Post: "Well, the strong Maysville team was here for two series, consisting of seven games. We vanquished them five out of seven. They took their defeat to heart and were most disagreeably surprised to learn that we have such a gang of heavy hitters, for every man on the team is well up in batting. We are weak at short, and tried hard to get Heileman, of the Maysvilles, but were unsuccessful. By the way, that boy is playing a wonderful short, some of his stops and throws being marvelous, bringing forth great applause. He is also hitting the ball harder than ever. Davis is still keeping up his good record as a pitcher and heavy batter, his chain of victories being unbroken.—Cincinnati Post.

CONDUCTOR JAMES DUNN HURT.

He Was Knocked From a Fast Freight Train Near Paris Yesterday Afternoon.

Mr. James Dunn, conductor on the L. and N. freight train running between Maysville and Paris, met with a painful accident late yesterday afternoon, about five miles north of Paris.

The train was a little late and was running about thirty miles an hour at the time in order to reach Paris so as not to delay the Maysville passenger train.

Mr. Dunn came out of the caboose and started to climb up on top of the cars but the train was passing a cattle guard, and this struck him and hurled him to the ground. He was brought to his home in this city last night. He had recovered from the severe shock this morning, and it was found that his injuries, while painful, are not very dangerous. No bones were broken. His escape was a narrow one.

Traxel & Smith, plumbers, are doing first-class work, at reasonable prices.

FRESH blue lick at Callhoun's.

FIRE INSURANCE.—Jules & Baldwin.

ACCIDENT ins. tickets, W. R. Warder.

GERMANTOWN fair programs may be had by calling at this office.

SENATOR WILLIAM LINDSAY will speak in Ashland on August 19th.

THE sum of \$25,000 has so far been subscribed for Brooksville's railroad.

CAPTAIN N. C. COOPER is making preparations to start up his brick yard.

MASSSES at St. Patrick's Church tomorrow morning as follows: 7, 8:30 and 10 a. m.

MR. MARK F. KEHOE is having his property opposite the jail remodeled and improved.

ONLY \$2.10 round-trip to Lexington via L. and N. railroad August 8th, for Red Men's picnic.

SMOKE George W. Childs' "La Tosca" cigar. Best cigar on the market. Hand-made. Only 5 cents.

THE coming attraction, the great Germantown Fair. Remember the dates, August 28, 29, 30 and 31.

A NUMBER of Louisville milk dealers were fined, some \$25 and some \$50, Thursday for selling watered milk.

WHEN using spices for pickles, catsup, etc., if you want them pure and reliable, buy at Chenoweth's drug store.

OWEN KIMBLE, the Louisville wheelman, went a half mile at the Danville fair Thursday in 1:02, breaking the record.

A DISPLAY of Confederate relics will likely be an interesting feature of the Cotton States and International Exposition.

ALL our 10 cent lawns, dimities and ducks reduced to 7½ cents.

BROWNING & CO.,
No. 51 West Second street.

THE L. and N. R. R. will run a special train to Cincinnati Sunday, August 4th, leaving Maysville at 6:05 a. m. Returning leave Cincinnati at 9 p. m. Fare for round trip \$1.50.

WHILE Senator Blackburn and E. H. Taylor, Jr., of Frankfort, were driving Thursday, their sound-money horse began kicking, and soon the buggy was shattered. Both men escaped.

COLONEL SAM MCKEE died of apoplexy, at Hyde Park, Boston, Tuesday night, July 30th. He was for many years a citizen of Winchester, but for the last fifteen years had lived in the East. He married a sister of Judge W. M. Beckner, of Winchester.

Your wife can run your household so much easier, with less friction, more economical and have your meals more regular if you provide her with a good clock. Ballenger has a great variety of styles, all warranted. If you have one that doesn't keep time he can repair it.

ALL persons desiring space in the Floral Hall for the coming fair will please meet me at the Floral Hall on Monday, July 29th. I will remain at the hall during the day in order to accommodate those who cannot come in the morning. J. B. NOYES, Superintendent.

THE celebrated trotting dog Jeff will give two exhibitions daily at the Germantown fair. Jeff is of the great Dane species, weighs 160 pounds, stands 6 feet 2 inches on his hind feet and is the greatest trotting dog in the world. Don't fail to see it. If you miss it—you will miss it.

EDWARD GALLAGHER, Chas. Kuhlmann and P. Farrell, three young students of St. Xavier's College, Cincinnati, passed up the river in a trim little craft yesterday on their way to Kanawha Falls and the headwaters of the Ohio. They intend to make the entire trip with oars alone. So far their trip has been uneventful.

THERE will be the following services at the M. E. Church, South, to-morrow: Sunday school at 9:15 a. m. Morning worship at 10:30 a. m. Epworth League devotional service at 6:45 p. m. The union service beginning at 7:30 p. m. On account of pastor's absence from the city Rev. E. G. B. Mann, of Newport, will preach, both morning and evening.

CARNEGIE is said to be making steel freight cars with a capacity of 80,000 pounds. This is crowding the limit of rolling weights, says an exchange, and while it is unquestionably true that modern bridges and roadbeds will stand up under heavier engines than this, it is probable that Superintendents will put on their thinking caps and shake their heads gravely over a proposition that includes the handling of trains with forty tons in each car, plus the weight of the car itself.

KENTUCKY'S BLUE RIBBON FAIR MAYSVILLE, KY., AUGUST 21, 22, 23 and 24.

TWO TROTTING AND PACING RACES DAILY

Large and high-class fields. Liberal premiums in Floral Hall and all departments. One fare round trip on Turnpikes, Railroads and Steamboats. See the Premium List.

PRESIDENT. SECRETARY. TREASURER.

HIRAM T. WARDER SHOT

And Probably Fatally Wounded by One of His Tenants Early This Morning.

Hiram T. Warder, a well-known farmer residing near Orangeburg, was shot and probably fatally wounded about 6 o'clock this morning by George Washburn.

Washburn is a tenant on Warder's farm. This morning's quarrel was not the first one between the two. They had trouble yesterday, and Washburn claims Warder followed him some distance with a pistol.

Early this morning the quarrel was renewed and the shooting following. It was not learned whether there were any witnesses of the affray or not. Another tenant who was at work elsewhere on the farm says there were five or six shots fired.

Warder was shot through the lungs and near the heart, and his wounds will probably prove fatal.

Full particulars of the shooting and as to the extent of the wounds, however, have not yet been ascertained. Dr. Shackelford was summoned to the wounded man's side at an early hour.

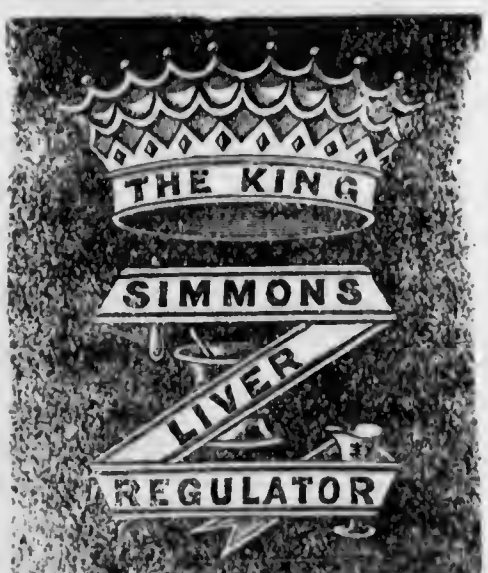

From what has been learned, the trouble originated over a trivial matter. Warder missed a plow-line a few days ago and accused Washburn's son of stealing it.

Mr. Warder was formerly Sheriff of Lewis County. A report is current that his wounds had proved fatal, but he was still alive at last accounts.

Soda water and Blue Lick at Armstrong's.

THE Ashland News says Dow Mason, a Maysville colored man, was in that city Thursday, looking for his eleven-year-old nephew, who ran away from home a week ago. The youth was in Ashland last Saturday, but went on to Huntington.

THE "old horse" sale of the Adams Express Company, consisting of the auctioneering off of all unclaimed freight left on the company's hands for the past year, will take place at Lexington, the coming month, and the express offices all over the State are unloading their accumulations at present.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the one old friend to which the old folks turned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zeilin & Co., Philadelphia.

SHOOTING IN LEWIS.

Marion Haven Will Likely Lose an Arm—Silas Dixon, the Shooter, Escapes.

Silas Dixon and Marion Haven figured in a shooting scrape near Sand Hill, Lewis County, Wednesday night, in which Dixon did the shooting. He used a double-barrel, breech-loading shot gun, and emptied the charges into Haven's right side and arm.

Haven was dangerously wounded. He may recover, but it is thought his right arm will have to be amputated.

According to the report Haven had been talking about Dixon's wife, and this led to the shooting. Dixon escaped, and had not been captured at last accounts.

D. M. RUNYON, fire insurance. Only reliable companies represented; no wild cats.

Gov. Brown has selected a design for the monument to Joel T. Hart, for which an appropriation was made by the last Legislature.

The Germantown fair catalogue never presented a neater or more attractive appearance. The premium list is complete with liberal prizes for all. A new feature is the children's department. Help the children to make a good show.

ABERDEEN Gretna Green: "S. B. Chunn, Maysville's well known contractor and builder, was over Sunday, spending the day with his parents, Mr. and Mrs. Thos. Chunn. Sam has the contract for the new church at Vanceburg. He stands in the foremost ranks as a builder."

A SAMPLE OF WHAT WE ARE DOING AT THE BEE HIVE

In addition to the above, we are cutting prices in every department. See our Challies at 3c. a yard. One thousand Sample Fans worth 15 and 10c. each, choice for 5c. Pure Silk Vests, regular \$1 kind, at 35 cents.

69c CHOICE of our finest SHIRT WAISTS, Laundered Collars and Cuffs, regular price \$1.00 to \$1.50. Come early and get your choice, before the nicest are all gone.

ROSENAU BROS., PROPRIETORS BEE HIVE,

AT RUGGLES.

Thursday Was Observed as Memorial Day at This Meeting.

Pump Placed in the Mineral Well On the Grounds—Abundance of Water.

RUGGLES CAMP GROUNDS, August 2, 1895.
Wednesday was spent as usual, the regular services being held.

Thursday was set apart as Memorial Day. At 10 o'clock we had a sunrise prayer service. At 10 o'clock the memorial service began, and the names of the following persons who had died since the last year's meeting were read: Mrs. E. Hutchins, Mrs. George Ort, Mr. Charles Shepard, of Maysville; D. A. Cadwalader, A. E. Foxworthy, of Mt. Carmel; William Hardin, of Forman Springs; Miss Pearl Thomas, of Harrisonville; Lewis Plummer, of Vanceburg.

The preachers of the different churches who knew these persons best gave a short sketch of their lives and their connection with the camp meeting. We miss many of these familiar faces, who used to meet with us so often and who took such a deep interest in the meeting, more especially Brother Cadwalader for I do not think he ever missed a meeting.

At the close of the memorial service, the sacrament of the Lord's Supper was administered. There was a large number of participants.

At the night service we had the largest number of people on the grounds that we have had at the week day service. The tabernacle was crowded full. We have also had the greatest number of preachers we ever had on the grounds at one time. Five of them, however, left this morning.

We had quite a turnout from Esculapia Springs to-day. Eighteen came in one load. I think they were all strangers in this section. Some of our people together with some of the preachers went over to the springs to-day.

The base ball game has also reached this section, and there have been two or three games played near us, and one is going on now right in sight of us. There are other games which seem to attract a good deal of attention here, and I can see no harm in them as the people do not care to be in church all the time.

But the great attraction to-day has been our new well, our oil well as it is called. Our Maysville plumber came up bringing a large pump to put in the well that we might test it. As I write there is a large crowd around the well drinking the water, for the plumber has got his pump going. The water as it is pumped up is still impregnated with some little of the oil, but we think that after the pump is worked for a time this will disappear, and that this will prove to be the most valuable piece of property the association has got. The water as it comes from the well sparkles and has a whitish appearance, and tastes of magnesia and very slightly of salt, and it is generally believed that it is heavily charged with valuable medicinal properties, which we hope will prove true. We pumped up as much as sixty-five buckets of water the first hour so that there is no fear but that we can now have all the water for all purposes that can be wanted. Tell the people of Maysville to come out and test this water for themselves. It may prove to be just what some of our sick Maysvillians need.

Our hearts were gladdened to see Rev. Dr. Rees drive into the grounds. This good brother has endeared himself to our people both at Maysville and here at the camp grounds.

It is late in the day but people are still moving in to camp. Now I hope that this letter may appear in Saturday's BULLETIN because we want the people to come out and see the wonderful well on Ruggles camp grounds, and enjoy the Sunday services.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

CHOCTAW.

Mrs. Fannie Ray and Mrs. Nep. Grant are visiting Mrs. Frank Davis.

Mr. James Cook and daughter, Miss Bessie, have returned home from Lexington.

A gay fishing party went to Taylors Mill last Thursday and had a good time but caught no fish. Those present were: George Chinn, James Cook, John McDaniel, Eddie Chinn.

PERSONAL.

—Miss Mary Noyes visited Miss Susan Bradford of Aberdeen this week.

—Miss Susan Pickett, of this county, is visiting Mrs. J. R. Martin, of Winchester.

—Mr. Frank G. Barkley has returned from a fishing and hunting trip to Wisconsin.

—Mrs. Christian Altmeyer and children, of Cincinnati, are here visiting relatives and friends.

—Mrs. A. F. Thomas and son are visiting her parents, Postmaster Jones and wife, of Portsmouth.

—Miss Grace Friedman, of Clermontville, O., is visiting her sister, Mrs. James Wallace, of East Sixth street.

—Miss Rella Tolle has returned home after spending a month with her aunt, Mrs. Sophia Tolle, near Mayslick.

—Winchester Democrat: "Mrs. John Hall, of Maysville, has been the guest of her sister, Mrs. T. C. Robinson, the past week."

—Miss Frankie Power, daughter of Judge Power, of Flemingsburg, is visiting the family of Mr. James Shackelford, of Market street.

—Aberdeen Gretna Green: "Miss Minnie Chunn, of Maysville, was the guest of her grandparents, Mr. and Mrs. Thos. Chunn, last Monday."

—Frankfort Argus: "Misses Marion Madden, of Mt. Sterling, Evelyn Wells, of Maysville, Louise Russell, of Paris, Lucy Letton, Corinne Kern and Iva Collins, of Bourbon County, are the charming guests of Miss Mary Keith Miles."

On the fair grounds at Germantown Saturday, August 3rd, at 2 o'clock p. m., the sale of privileges will take place for the coming fair.

Your Husband—

Is he not dear to you? Should you not be careful of his health? Maybe he is sometimes weak and run down from the effects of overwork, or worry, or carelessness. But you need not be alarmed; a tablespoonful of

Brown's Iron Bitters

three times a day for a week or two will make him well and strong.

And this is how it does it: It purifies and enriches the blood and gently stimulates the action of the vital organs, and helps them perform their proper offices.

Don't neglect trifling ailments. Brown's Iron Bitters is pleasant to take, and it will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper. Our book, "How to Live a Hundred Years," tells all about it; free for 2c. stamp. 59 BROWN CHEMICAL CO., BALTIMORE, MD.

Another Fraud Order Issued.

FANATICS AT WORK.

A Catholic Church in Boyd County Destroyed by Fire One Night This Week.

[Cincinnati Tribune.]

ASHLAND, Ky., Aug. 1.—The fine new church of the Catholics of the Laurel Fork section of the country was burned last night by incendiaries, the fire being discovered about 11 o'clock and after all hope of saving the building was past. The loss will reach in the neighborhood of \$5,000, with half that amount of insurance. The work is attributed to the A. P. A. of that section. Of late the organizers of the order have been busily engaged working up a large country membership, and the farmers have accepted, to a considerable extent, everything they were told as the truth. The first fruits of the movement were apparent some months back, when the local Democratic candidate for Sheriff, himself a Catholic, was defeated badly. Since then the efforts of the organizers have been unceasing. The church people have, it is claimed, on several occasions threatened to burn the schoolhouse where the A. P. A. held its meetings, and the order has made similar threats as to disposing of the church. In this condition there would be but little talk necessary to provoke serious trouble, and the outcome of the investigation that is being already begun will be watched with no little interest. Now that the gauntlet has been so forcibly thrown down, it is difficult to say what the end will be.

MOORE'S HILL, Ind., Aug. 3.—At the Osgood fair, which several thousand people are attending, all of the wells have been polluted with coal oil, and water is not to be had. It is believed to be the work of lemonade vendors. Tacks were also scattered on the race track, to the ruin of pneumatic sulkies.

THIRTEEN DEATHS FROM YELLOW FEVER.
WASHINGTON, Aug. 3.—Advice to the surgeon general of the marine hospital report 13 deaths from yellow fever at Vera Cruz, Mex., for the week ended July 25.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

SPRINGFIELD, O.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

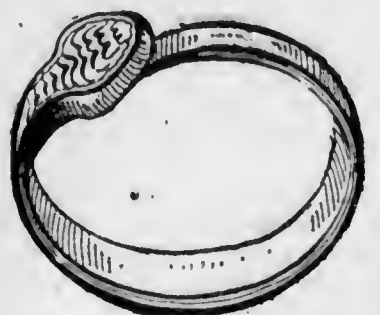

WRITE FOR CONVINCING PROOF, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success.
